

WAY TO GO VICTORIA!!!

Special thank you from Tony O., another very satisfied Space City member!

I want to thank Space City CU and Victoria for making my car buying experience a breeze. When I decided I was ready for a new truck I simply called the credit union and Victoria pre-approved me over the phone, and gave me the "Dealer Select List". I called Paul Fisher at Auto Nation and since Paul is on Space City's approved dealer's list, and he's a fleet manager, I didn't have to deal with a rookie or retail sales person. Victoria and Paul made my experience simple and fast. The last time I bought a truck I spent all day at the dealer, haggling over price and options, and it was a generally miserable experience. This time I used Space City and the Dealer Select List (Paul Fisher and Auto Nation) and they made it easy and hassle free. I saved time and money! I'm sold on Space City CU!
